LIBRARY CONNECT

Supporting the ANBG's vision to inspire, inform and connect people to the Australian flora.

October 2026

Hello everyone,

This edition of Library Connect has new books and journal issues, and a few online articles for your interest.

Past issues of Library Connect are available on the library catalogue site.
https://library.dcceew.gov.au/cgi-bin/koha/opac-page.pl?page_id=22

The Library is staffed Monday – Friday 9.30am – 4.30pm and I can also be contacted by email, phone, or Teams if you need assistance.

The 'click and collect' box in the Visitor Centre is available for returning items, and I am happy to leave items there for collection if that is easier than visiting the Library.

Thank you,
Ainslee

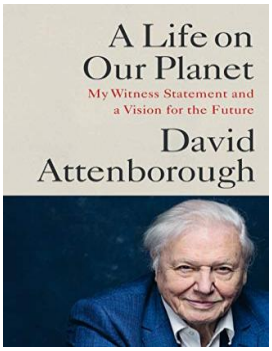
New additions to the collection



A life on our planet : my witness statement and vision for the future / David Attenborough ; with Jonnie Hughes.

Witness Books/Ebury Digital, 2020

ISBN: 9781529108279

ANBG copy donated by Rosemary Purdie, October 2026.

"*See the world. Then make it better. I am 94. I've had an extraordinary life. It's only now that I appreciate how extraordinary. As a young man, I felt I was out there in the wild, experiencing the untouched natural world - but it was an illusion. The tragedy of our time has been happening all around us, barely noticeable from day to day — the loss of our planet's wild places, its biodiversity. I have been witness to this decline.* A Life on Our Planet *is my witness statement, and my vision for the future. It is the story of how we came to make this, our greatest mistake — and how, if we act now, we can yet put it right. We have one final chance to create the perfect home for ourselves and restore the wonderful world we inherited. All we need is the will to do so."* – Book cover
